There is a giant black hole. Its gravitational pull has sucked up civilization.

Surviving artists linger at the edge of this collapsed star, daring to defy a force so strong that even light can't escape. They create and transcend on the cusp of danger; risking their very lives at the border of this devouring mass. So come join these performers who fight the darkness that threatens to suck us all in.

Come celebrate our escape from mind-numbing, bone-crunching density. JOIN THE PARTY at the 13th Annual Alternative at Bob Holman's famous Bowery Poetry Club.

With incredible performers including:

Penny Arcade • Big Mike • Taylor Mead
Regie Cabico and the New York Neo Futurists
E. J. Antonio • Guillermo Castro • Bingo Gazingo
Rigoberto González • Ron Kolm • Ngoma
Amy Ouzoonian • Vittoria Repetto • Cheryl Boyce Taylor
and Nick Zedd

In this extraordinary happening, we also offer an OPEN MIC. We writers dancers, and musicians will entertain you with a performance marathon that TIME OUT NY and THE VILLAGE VOICE has raved about.

SUPPORT THE CAUSE AND HAVE A GREAT TIME!
